BUTLER FINDS KENDRICK COVETS GOVERNORSHIP

Mayor Has Sudden Change of Front in Effort to Win General's Backing for Race

This is the thirteenth installment of Gen. Butler's story of his struggle against vice and crime in Philadelphia.

BY BRIG. GEN. STEWART T. BUTLER, U.S.M.C.,
Former Director of Public Safety, Philadelphia, Pa.
(Copyright 1936 by Bell Syndicate, Inc.)

The reconciliation was rather dramatic. I was still ill-confined to my bed. The newspapers were filled with stories of the "break" and predictions of my early dismissal. The police were on the fence, ready to jump. The mass meeting of protest was scheduled to be held Monday night.

The night before the meeting I had me sign a letter to the Mayor, that he would send me in return, and that the peace could then be made public, and then when I was able to leave my sickbed, I could call upon him at his office and we could talk the whole situation over, man-to-man fashion.

That sounded reasonable and I called on him. The meeting he called a member of the bench, drew out a copy of a letter, prepared either by himself or by the Mayor, and asked me to sign it. It was a most ridiculous letter. It said that as a member of the bench and a man could not stoop to sign, and one that would have given you offense and I refused. At this time I think it may be possible to make that draft public. It follows:

"Dear Mr. Mayor: I very much regret what took place at the Academy of Music last night. I would much prefer to have asked you to divorce the reconciliation off, but this I could not do on Monday without disclosing what transpired between you and me late Sunday night, and this disclosure you did not desire. You are in a position to make a statement before that meeting of the fact that on Sunday night you and I had come together to a state of renewed understanding, through the intervention of kind friends who gave you offense and I realized my mistake in remaining away from your office when I should have followed my impulse to see you and you were really to become active in the carrying out of his pledges.

I could not at the time, understand his sudden change. Later I learned to understand. He wanted to make a statement before the meeting. He believed that had captured the imagination of the public through my work, and that I would make the back-ground against which he could stand before the people. He wanted me to put on my badge and a showy uniform to provide color for his political ambitions.

At any rate, at the Mayor's suggestion (and I was his subordinate) I would give my side of the Mayor's idea that I should make public speeches. Gaffney said to me, "I am through, I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Mr. Gaffney said to me, "I don't want you to get it."

Hall to have it out with the Mayor. He received most cordially. For once, it must be admitted, the Mayor acted in man fashion. We discussed our differences and agreed to forget them. We agreed to renew our friendship on a basis of renewed understanding, through the intervention of kind friends who gave you offense and I realized my mistake in remaining away from your office when I should have followed my impulse to see you and you were really to become active in the carrying out of his pledges.

I told the Mayor I very much regret what took place at the Academy of Music last night. I would much prefer to have asked you to divorce the reconciliation off, but this I could not do on Monday without disclosing what transpired between you and me late Sunday night, and this disclosure you did not desire. You are in a position to make a statement before that meeting of the fact that on Sunday night you and I had come together to a state of renewed understanding, through the intervention of kind friends who gave you offense and I realized my mistake in remaining away from your office when I should have followed my impulse to see you and you were really to become active in the carrying out of his pledges.

COCKTAIL CASE NEARING CLOSE

(Continued from First Page)

ocation, which Gen. Butler charged to junior officers because they "drunk on duty," telling the truth about the matter. The truth, the plain truth being, according to the fiery commander, that Williams was drunk. "I was drunk," he said, "and I was drunk on duty."

Equivoque, however, developed to be a smoke screen for the duration. Williams, who was charged with the real reason why an impression that Williams was "drunk on duty" later was changed by some of the officers to just plain "drunk." The dures, according to the testimony of Capt. Clifford B. Bates, of defense counsel, was used by Gen. Butler in the morning the trial broke down. Williams had to be carried out of the hotel.

Williams, who was charged with the real reason why an impression that Williams was "drunk on duty" later was changed by some of the officers to just plain "drunk." NEW YORK, April 18.—Peggy Joyce, wife of Sanford Comstock, is in the matter of obtaining husbands.

But another factor has entered the game now. This picture of Peggy and her intended, provided the matter of an assumed divorce from the previous Mrs. Comstock is legal, was mailed in New York at 2 a. m. on Friday and arrived in Los Angeles at 5:12 Saturday, illustrating the possibilities of the new service.

Peggy, who arrived in New York with Mr. Comstock from Florida, says that she is still the legal wife of Sanford. "Wives all told that way," she said. "And I ought to know, for I have had some experience." Mrs. Comstock has indicated that if satisfactory arrangements are made, she will relinquish her husband via the legal divorce route to Peggy, but predicts ultimate disaster for the marital bark of the wealthy Chicago and Florida realtor and the much-married Peggy.

The following statements of representative Boston men express the general view.

George Louis Richards, Representative, State Legislature: House chairman of the Committee on Street Railways: "One cannot ride through such districts, particularly in the morning, without having a heartily sympathetic feeling for the residents and property owners on route. It would seem that the lives of the residents must be a constant nightmare, so disturbing is the interference of elevated trains operating during all but five of the twenty-four hours constituting a night and a day."

building occupied by John H. Fray at 100 West 11th street, was considered in the south end.

"It's my belief that an artificial wall was built up on Boylston street, which diverted the expansion along that thoroughfare. Well, that movement is an accomplished fact, it's passed the experimental stage. Now let's remove the obstacle which prevents a southerly development."

"This district has a black eye, and it will be a perpetual one, unless something is done to remove this bloodthirsty and nerve-wrecking elevated structure. As for property values, this will demonstrate the vast difference a few minutes' walk along the same street will make. I'm paying \$1000 a year rent for this forty-five-foot frontage. It'd gladly pay \$40,000 a year for the same frontage in the locality where I used to have my store—between West and Temple Place. I believe the merchants and property owners along the route wouldn't hesitate for a moment to offer their support in paying assessments to accomplish removal of the elevated."

Representative Mullen, who is leader of the present fight to remove the elevated structure, describes similar conditions in Charleston, the northern section of the city through which the main line runs. In addition to touching on the points made by Mr. Hagen, Representative Mullen says that the elevated structure is a well-known fact that hindrance is better than no light at all and that when the elevated was put up it was looked upon as a means of rapid transit and not the nuisance that it is today.

At that time there was not the tremendous influx of automobiles and the consequent necessary use of the elevated structure. It is now a fact that the elevated structure is a well-known fact that hindrance is better than no light at all and that when the elevated was put up it was looked upon as a means of rapid transit and not the nuisance that it is today.

Washington Defeats New York in Eleven Innings; Giant Rally Beats Rookie Hunter

Senators Cop Lengthy Clash From New York

White Sox Top League With Win Over Indians

St. Louis Browns Lose Again to Detroit Tigers

BY A. P. MORTIMER

WASHINGTON, April 19.—

The Senators today, winning 3 to 2 in 11 innings after a pitching duel between Ryan and Shawkey.

A home run by Russell in the ninth with Gehrig on base and the score at 2-1, but Washington won in the final frame when Blanton singled, scoring Stewart, running for J. Harris, who had walked.

Score: Senators 3, New York 2.

Paddock Works Out on Pomona

Out on Pomona Oval Tomorrow

[EXCLUSIVE DISPATCH]
POMONA COLLEGE, April 18.—Charley Paddock, fastest sprinter in the world and holder of eighteen world's dash records, will try out the Pomona College track

Tuesday afternoon in preparation for the meet next Saturday, when Paddeck will lead his team-mates of the L.A.A.C. against an all-star conference team. The big meet will be held at Claremont and should draw a capacity crowd.

Paddeck will work out with Hugh Flinnery, team-mate on the Mercury squad. Murray Schultz called upon the first-

Los Angeles critics, will likely accompany Paddock to Claremont. Paddock and Schultz have been working together on Paddock Field, Pasadena, for several weeks. Schultz will run for Caltech in the all-star meet and track fans expect him to push Paddock to a new world's record in the 100-yard dash.

Boyd Comstock, I.A.A.C. coach, will bring a great array of talent to Claremont for the meet and the Mercury squad should return to Los Angeles an easy winner. Several former Pomona College athletes will be in competition including Bob Maxwell, Chuck Eaton, Charlie Dagg and Finney. Eaton will attempt to toss the javelin better than 200 feet be-

for his home-town aggregation, while Maxwell would like nothing better than to shatter his Pacific Coast low hurdle record on the track where he got his start.

The meet will take the place of the northern trip for an all-star conference team.

300,000 ESSEX OWNERS
They know its time proved value, its rare smoothness and performance, its sturdiness and economy

OF COURSE YOU WANT A "SIX" THAT IS TIME PROVED

Essex proved that everyone wants a "Six." But low price is not the only reason why 300,000 owners are praising it so highly nor does price alone explain the reason for its continued sales leadership.

Time proved qualities are what owners talk about. They speak of the little common Essex requires and of how infrequent and small is the service cost. They tell of economy in fuel, oil and tires. And they praise Essex smoothness in performance, its nimbleness and its power.

They are the greatest sales influence we have.

Just see how Essex meets your desires. It is the ideal family and utility car. It is easy to steer and can be handled in traffic or backed into small parking spaces without effort. It is easy riding and possesses unusual roadability. The motor is built under Super-Six patents that give a performance and quality exclusive to this famous principle. It is the best Essex ever built and because of its vast production and the constant improvement of economical and precision methods of manufacturing it is priced lower than ever before. The cost is less than for most cars and little more than the lowest priced car on the market.

Can you ignore such facts in the choice of your car?

\$909

At Your Door
With Nothing Else to Pay

EQUIPMENT
Front and Rear Bumpers; Automatic Windshield Cleaner; Rear View Mirror; Transmission Lock (Overdrive); Radiator Shutters; Motor-Meter; Combination Stop and Tail Light.

PHYSICIANS TO HEAL OWN ILLS

Medical Association Meet to Consider Problems

Expert Testimony, Liquor and Other Topics Up

Dallas Convention Expected to Fix Standards

(BY A. P. NIGHT WIRE)
DALLAS (Tex.) April 18.—Organized medicine here today prepared to diagnose some of its own ills and provide some of its remedies in the seventy-seventh annual convention of the American Medical Association, opening tomorrow for a session of five days. More than 90,000 American physicians who express their attitude on public questions through their representatives in the house of delegates of the association will determine through these delegates their stand on certain problems within and without the organization.

Six outstanding issues confront the legislative body of the association. They are:

Reform of rules governing expert opinion evidence in court trials.

Contract practice.

State medicine.

Group practice.

Pseudo-medicine.

Changes in dispensing liquor.

TO CORRECT ABUSE

Dr. G. E. Pollanabee of Ohio said he will introduce a resolution asking for legislation to correct "the abuse of the use of expert opinion evidence." The proposed resolution declares that "expert opinion evidence in both civil and criminal cases has in many instances brought public criticism and disgrace on both the legal and medical professions," and "the present procedure, in many cases, is believed to defeat the administration of even-handed justice and to operate notoriously in favor of the rich as compared with the poor."

BLOT IN ARMY RECORD MAY GO

House Decides Soldier Who Cursed Sergeant Rates Honorable Discharge

(BY A. P. NIGHT WIRE)

WASHINGTON, April 18.—The House has decided that a buck private, sentenced to ten years' imprisonment for cursing when his top sergeant read an order forbidding men to wear gloves or overcoats while grooming horses, was entitled to an honorable discharge from the Army.

It passed and sent to the Senate a bill making such provision for George Barrett of Oakland, Cal. Barrett saw action with the Twelfth Field Artillery of the Second Division in the St. Mihiel and Argonne offensives. He was convicted in 1919 while his outfit was on the Rhine, the reviewing authority cutting the ten-year sentence to one year.

posed resolution declares that "expert opinion evidence in both civil and criminal cases has in many instances brought public criticism and disgrace on both the legal and medical professions," and "the present procedure, in many cases, is believed to defeat the administration of even-handed justice and to operate notoriously in favor of the rich as compared with the poor."

The term contract practice refers to a system whereby a doctor contracts to treat a large number of patients for a stipulated yearly sum each. The association already has taken a stand against this practice.

DOG TEAMS WILL HUNT LOST FLYER

Perilous Crossing to Isle Attempted in Search of Missing Plane Pilot

(EXCLUSIVE DISPATCH)
CHICAGO, April 18.—Under conditions that would damn a Yukon musher, two men, each with a team of six dogs and a sled, started early this morning to attempt the treacherous crossing to Beaver Island, Mich., where an air pilot and possibly two passengers are believed lost or drowned.

There has been no communication with the island for months, due to a broken submarine cable. A farmer at Cross Village, Mich., thirty miles north of Charlevoix reported seeing a plane go down seven miles off shore.

The dogs and their drivers left Isle Au Gales, three miles north of Cross Village, and twenty-four miles across the channel to Beaver Island. The dogs may tread where a human would break through, but it is considered doubtful they can make the journey.

LOSE HOPE FOR SIX IN BORE SLIDE

Men Entombed by Grizzly Creek Tunnel Cave-in Are Believed to Be Dead

(BY A. P. NIGHT WIRE)
QUINCY (Cal.) April 18.—Six men, entombed behind a thirty-five-foot cave-in in the Grizzly Creek tunnel of the Feather Mountain Power Company, on the western side of Buck's Mountain, thirty miles from here, were believed dead tonight by fellow-employees who were seeking to rescue them.

The cave-in occurred between 9 p.m. and midnight last night, but was not discovered until this morning when the early shift reported for work. At 5 o'clock tonight, the rescuers had twenty feet of debris yet to excavate and expected to reach the buried men by tomorrow morning.

William Cope, foreman of the shift, is among the imprisoned men. The cave-in occurred forty feet from the face of the tunnel.

THREE DIE IN CRASH

(BY A. P. NIGHT WIRE)
HARLEM (Ga.) April 18.—Three persons were instantly killed tonight when an automobile in which they were riding was struck at a grade crossing at Sawdust one mile west of Harlem, by a passenger train. The dead are: Miss Gladys Thompson, 26 years of age; Harlan, T. E. Jones, 24, of McKenney, Va., and Homer East, 22, of Roanoke, Va.

QUAKES ROCK PERSIA

(BY CABLE-EXCLUSIVE DISPATCH)
TEHRAN (Persia) April 18.—Eight heavy earthquake shocks occurred within six hours in the region of Macou, Northwestern Persia, a report here says.

HOLDS SLOGANS RULED ELECTION

Prof. Powell Says Illinois Has No Real Issues

Calls on Women Voters to Check Laziness

Sees World Court and Dry Law Campaign Topics

(EXCLUSIVE DISPATCH)
ST. LOUIS, April 18.—The recent election in Illinois "was decided by slogans, not by reason," according to Chester H. Rowell, regent of the University of California. Prof. Rowell spoke today at a mass meeting in connection with the annual convention of the National League of Women Voters. "Issues, if they are to be agitators should be agitated intelligently and honestly," said Prof. Rowell. "The campaign in Illinois was made, not by arguments but by slogans. If we are governed by slogans, democracy will fail. Slogans are an appeal to laziness. We are better informed than our forefathers who were intelligent enough to follow the Lincoln-Douglas debates, but we are simply too lazy and have too many distractions to think of governmental questions. This is the opportunity of the demagogue."

UP TO WOMEN VOTERS

Prof. Rowell said it is up to the woman voter to end "this lazy tolerance of hand-me-down slogans."

and "to use brains instead of emotion in thinking out the problem given them in pellet fashion by political demagogues."

"Curiously enough," he said, "the whole of this year's campaign is going to center on two issues, the World Court and prohibition. Except as notes makers, these issues are settled; in one sense, the World Court is still unsettled, not that we can do anything to unsettle it, but any other nation can and may. We have voted to go in but we are not in and it is by no means certain that we ever shall be."

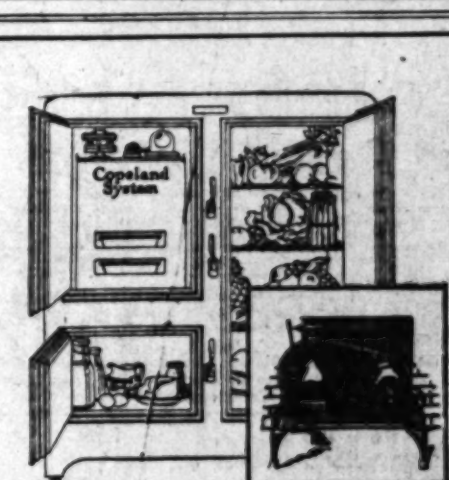

SEES WORLD ISSUE

"The matter is out of our hands. There is no American issue in it. There is a decided world issue in which the progress of the world depends upon our reactions being accepted by other nations."

Prof. James A. Shotwell of Columbia University, co-author of the Shotwell-Bills disarmament plan, spoke at the meeting, which was presided over by Miss Ruth Morgan of New York, chairman of the department of international co-operation to prevent war. He urged that a policy be adopted to "prevent neutral America feeding the arsenal of foreign countries engaged in warfare."

PRINTING PLANT GROWS

(BY A. P. NIGHT WIRE)
EUGENE (Or.) April 18.—Starting in 1915 with assets consisting principally of a Washington hand press nearly 100 years of age, and since that time aided by an appropriation of only about \$500, the University of Oregon Press has grown into a large institution. The new home of the Press, a \$1,100,000 structure, was financed out of funds which it had earned.

Does What Ice Can't Do

Revolutionizes the Preservation of Perishable Foods

A TEMPERATURE of less than 50° Fahrenheit is essential for the perfect preservation of perishable foods.

By automatically maintaining a temperature of less than 50° Fahrenheit, the Copeland System of Electric Refrigeration operates without attention at least 10° to 12° colder than ice.

The length of time that food can be kept genuinely fresh with the Copeland System is a revelation to those accustomed to the limitations of ice. Yet the cost of operation is less than the cost of ice.

The Copeland Bond guarantees replacement of defective parts, necessary service for one year, and eliminates all doubt of satisfactory performance. The Copeland System can be conveniently and quickly installed in your present ice box.

Deferred payments arranged if you wish.

STORIES OF LOS ANGELES

Taking Chances with \$150,000

"Articles of Incorporation of The Los Angeles Electric Company were filed for record in the County Clerk's office yesterday, with the following corporate officers: R. M. Widney, R. A. Haines, E. Dunham, O. G. Weyne and C. H. Howland. The capital stock was \$150,000."

—Los Angeles Times, Oct. 25, 1882

THE electric arc lamp, suitable only for lighting the streets, larger stores, factory buildings and yards, provided practically the only means for using electricity in 1882.

The incandescent electric bulb, which now so cheaply and universally lights our homes and places of business, was not yet perfected.

There were no elevators, street cars, or motors that could use electric current.

Such was the field open to those five "corporators" who risked their money in financing the start—in 1882—of commercial electricity in Los Angeles. But it took more than just the money. It took courage and faith as well.

The outcome of that faith and courage is the present electric branch of Los Angeles Gas and Electric Corporation.

CLARK HEIRS IN ACTION TO BLOCK SUIT

Senator's Children Open Fight Against Claimants for Share in Estate

(BY A. P. NIGHT WIRE) BUTTE (Mont.) April 18.—The sons and daughters of the late Senator William A. Clark have made their first legal move to block efforts of Alma E. Clark Hines, Edna Clark McWilliams, of Missouri, and Addie L. Clark Miller of Denver, to obtain a share of Senator Clark's estate, valued at \$50,000,000.

Charles E. Clark, William A. Clark, Jr., Mary C. Debrahan, Katherine L. Morris, and Hughette Marcelle Clark, the Senator's children, entered appearance in the District Court here denying relationship claims advanced by the Missouri and Denver women. They also filed a motion requesting that the women file an amended complaint with the court setting forth the facts and circumstances upon which they base their claims.

Mrs. Hines, Mrs. McWilliams, and Mrs. Miller recently filed action in the court, declaring that they were daughters of Senator Clark by an early marriage in Missouri at a time when the Senator was asserted to have been a school teacher there.

Col. Brookhart Opens Campaign for Senate Seat

(BY A. P. NIGHT WIRE) WASHINGTON (Iowa) April 18.—Col. Smith W. Brookhart, Republican insurgent, who was unseated in the Senate last Monday and succeeded by Daniel P. Brock, Democrat, opened his campaign here last night for the Republican primary nomination for the same office.

Col. Brookhart indicated his campaign will be based largely upon his record in the Senate and that his position on numerous issues, particularly those of importance to the farmers, will be contrasted to the stand taken by Senator A. B. Cummins, who will be his chief primary opponent.

Referring to the contest through which he lost his seat, Col. Brookhart declared the Senate had not respected the rights of his State in election matters, and added that "Senator Cummins asked to be excused from voting and did not raise his voice in defense of the laws of his State."

DRIVE ON TO FORCE TWO WEEKS' SALARIES

(BY A. P. NIGHT WIRE) SAN FRANCISCO, April 18.—A campaign to bring about a general enforcement of the State law requiring that all classes of workers be paid at least every two weeks, has been begun by State Labor Commissioner Matheson when he filed a suit for \$4470 in penalties from the Cowell Portland Cement Company of San Francisco for asserted breaches of the law. The company has a plant at Cowell, Contra Costa county, and the commissioner says that the 163 workers there were being paid only once in six weeks, thereby causing much distress.

BILL FOR COMMERCE OFFICE HERE OFFERED

(BY A. P. NIGHT WIRE) WASHINGTON, April 18.—Representative Lindeberger of California today introduced a bill in the House to provide for the establishing of a district office of the Bureau of Foreign and Domestic Commerce at Los Angeles. The bill would authorize the appropriation of \$15,000.

DRIFT TOWARD PAGANISM SEEN

London Divine Warns Ruin Facing World

Urges Men to Think in Terms of Golden Rule

International Church Council Closes Sessions

(BY A. P. NIGHT WIRE) BIRMINGHAM (Ala.) April 18.

Fellowships must replace battle-ships and a "true League of Nations" must be achieved at Calvary if the world's "perceptible drift toward paganism" is to be stopped, Dr. W. C. Poole, Christ Church, London, told the International Council of Churches for Religious Education at the concluding session here today.

Dr. Poole said he foresees a wrecked civilization unless the forces of Christendom strengthen armor and seriously "mobilize for peace."

The late war wiped out like a dream, he said, "the artificial structure of civilization painfully elaborated through thousands of years of military strife and diplomatic cunning. Seven aching years have passed since the armistice was signed but the frightful wounds of humanity still gape and the race still writhes in the agony of a terribly slow convalescence."

Nothing less than a new reformation is needed, the speaker asserted.

Dr. Poole, who is president of the World's Sunday-School Association, told an audience of 6000 that "unless we call a halt to the giddy gait by which we are rattling into barbarism western civilization must reel into inevitable dissolution."

The existing collapse, he said, "has involved us in appalling bankruptcy."

As a remedy for the ills of earth, he pictured graphically the "possibilities in the transforming power of the spirit of Christ." He admonished men to think in terms of the Golden Rule instead of the rule of gold. He would put conscience before coupons and duties & dividends. He would adjudge industry not merely by its skill in making things but also by its ability in producing personality.

Distinctive Beauty

at a One-Profit Price

Studebaker Big Six Brougham \$2410

THE most beautiful Studebaker ever built—a car that offers luxuries in style, finish and interior appointments considered impossible in a car at this price until Studebaker achieved it through One-Profit manufacture.

No car has finer type of body construction—nor more luxurious inner and outer appearance—than the Studebaker Big Six Brougham. There are only seven American cars of equal rated horsepower, and they cost from \$2655 to \$7955 more to buy.

It is because of this that we ask you to judge this fine car solely on a basis of comparison with any fine car you have admired—and buy then by what you know to be the facts.

From its black-enameled steel travel trunk on the rear, attractively set off

by ornamental brackets, to the distinctive curve of its bright nickeled radiator—the Big Six Brougham is the highest example of the coach-builders' art. Leather rear-quarter and landau arms complete its custom beauty.

A study in luxury Inside—it's a study in luxury. Wide, deep seats accommodate five in easy-chair comfort. Upholstery is of finest broadcloth, tailored to a form-fitting design. Interior hardware is tastefully arranged and finished in rich Butler silver.

The richness of its interior and exterior finish is indicative of the fine quality body construction you cannot see. Body pillars are of selected northern white ash; cross members of hard maple. Studebaker standards—the highest in the industry—zealously guard every operation in its manufacture.

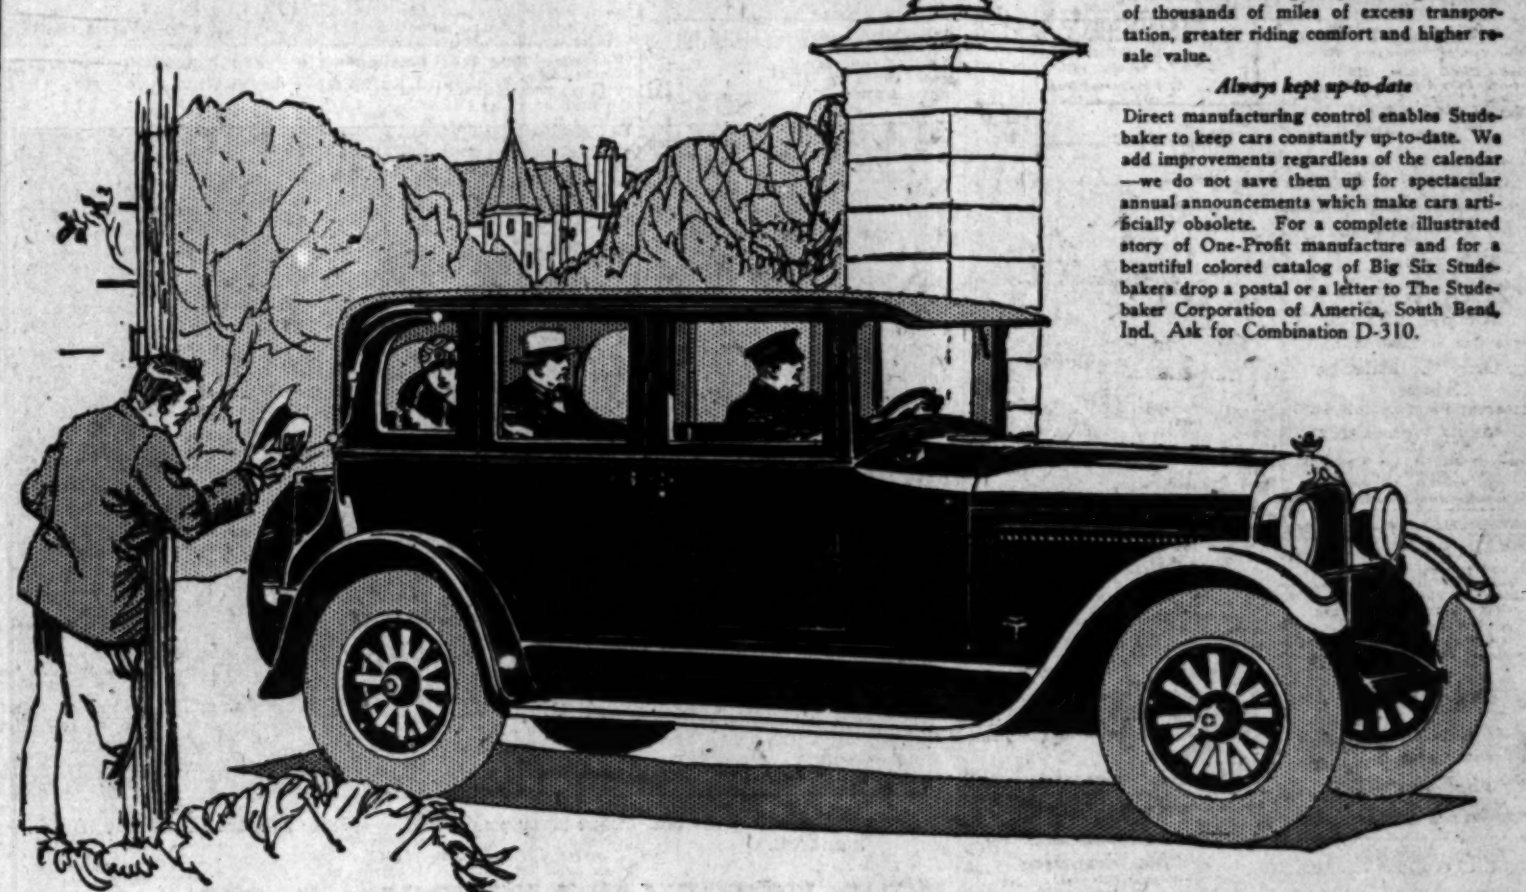

Studebaker Big Six Brougham

\$2410

Delivered for cash in Los Angeles

Under Studebaker's fair and liberal Budget Payment Plan, this Brougham may be purchased out of monthly income for a small initial payment and at the lowest time-payment rates known to the automobile industry.

President Designates This Week as Forestry Week in America

By designation of the President of the United States the week of April 18-24 inclusive will be observed throughout the nation as American Forest Week. Public officials, public and business organizations, industrial and the general public are urged by the President to unite in the common task of forest conservation and renewal. The action of the Canadian Government in likewise proclaiming the week as a period when the utmost shall be laid upon the problem of reforestation, is cited by the President as an added reason why our citizens should give careful thought to a matter of vast importance to them. Photographs on this page are reproduced from the courtesy of the American Tree Association, Washington.

Virgin Redwood Forest in all its glory. Note growth of young trees in foreground.

After the Original Redwood Tree is felled, the second crop comes up around the stump. A typical study of redwood reproduction.

These Are Not Bushes—they are Redwoods springing up around the stumps. Workmen are planting seedlings to insure a denser growth. Six thousand acres have been thus reforested this spring.

Seventy-five Years From Now, in 2000 A.D., the barren hillside shown above will be densely timbered as a result of the efforts today of the young man in the photograph.

Second Growth Redwood about sixty years old. Note the trunk of the fallen monarch.

A Field of Redwood Seedlings Awaiting planting among the redwood stumps in California.

The Passing Of The Pony Express.

by J. CARROLL MANSFIELD

© McClure Newspaper Syndicate

THE FAMOUS PONY EXPRESS OWED ITS EFFICIENCY NOT ONLY TO ITS DAUNTLESS YOUNG RIDERS, BUT TO THE BRAVE MEN POSTED AT THE MANY, ISOLATED RELAY STATIONS BETWEEN ST. JOE AND SAN FRANCISCO, WHOSE DUTY WAS TO HAVE FRESH HORSES ALWAYS IN READINESS FOR THE RIDERS.

THESE LONELY, LITTLE POSTS WERE IN CONSTANT DANGER OF ATTACK AS THE VALUABLE MOUNTS KEPT THERE ATTRACTED THE VIOLENT DESPERADOES AND MARAUDING REDSKINS.

MANY A TIME AN EXPRESS RIDER RODE UP TO ONE OF THESE LITTLE STATIONS ONLY TO FIND IT A HEAP OF SMOKING RUINS. THE HORSES GONE AND THE BODIES OF THE FAITHFUL KEEPERS LYING WHERE THEY HAD FALLEN.

THE CONSTRUCTION OF A TELEGRAPH LINE TO THE COAST (1861) AND THE COMPLETION OF THE TRANS-CONTINENTAL RAILROAD (1869) MARKED THE PASSING OF THE PONY EXPRESS. BUT DURING ITS BRIEF EXISTENCE IT RENDERED VALUABLE SERVICE TO THE WEST AND TO THE NATION.

MONDAY—GOLDEN AGE OF AMERICAN HISTORY.

These daily history strips make a unique pictorial history of America. Hundreds are clipping them daily and pasting them in scrapbooks.

5 ride for price of 1

OFF goes the charge for extra passengers---PERMANENTLY! Two, three or four of your friends, right up to the limit of the Cab, can ride with you in a Yellow without ONE CENT of additional cost beyond the single fare. The new management of the Yellow Cab Company has pledged itself to place on the streets of Los Angeles the finest Cab service in the United States. The first step was to raise the wages of drivers. The second is to knock off all charges for extra passengers---and the charge for extra passengers is off FOREVER.

free rides for extra passengers

FIVE passengers can ride anywhere in a Yellow Cab at the low rates indicated by the sample distances below. Rates 35 cents for first two-fifths mile; 25 cents per mile thereafter. Remember, two, three, four or FIVE people can split up the fare:

Biltmore to New Elks' Club	75c
(As low as 15c per passenger)	
Ambassador to Wilshire Country Club	\$1.05
(As low as 21c per passenger)	
Grauman's Egyptian to Marchetti's	\$1.45
(As low as 29c per passenger)	
New Elks' Club to Jonathan Club	65c
(As low as 13c per passenger)	
Crown Hill and Columbia to Ambassador	95c
(As low as 19c per passenger)	
Wilshire Country Club to Hollywood Plaza	75c
(As low as 15c per passenger)	
Westlake Pk. to Hoover and Washington	75c
(As low as 15c per passenger)	

Positions open to 28 more drivers!

Yellow Cab drivers are guaranteed \$21 a week and receive commission on earnings above that sum that enable good men to earn up to \$200 per month.

Yellow Cab sets a high standard for its drivers and intends to build up the highest-class staff of employees that any cab company has in the country. Men must be at least 25 years of age, residents of Los Angeles for at least one year, courteous, careful, intelligent, neat, sober. Men of family and men buying homes will receive preference.

The positions carry insurance, benevolent society and medical benefits. You must be able to pass physical examination.

If you want to enter this clean, healthy, interesting OUTDOOR occupation, see W. R. Cleves, employment manager, 1422 Crown Hill Ave., at once.

EIGHTY MILES PER HOUR

CHRYSLER IMPERIAL "80" CONCLUSIVE SUPERIORITY

IT isn't merely because the Chrysler Imperial "80" is new that it takes top position among today's fine cars. It is because of the difference, the sheer superiority, which are so obvious and so conclusive in every department of performance. The best of previous quality and skill never before brought to motoring the Chrysler "80" results, or the Chrysler "80" finesse. Sound all but completely disappears. Sense of propulsion likewise. Speed is a gentle merging of one pace into another—a gliding so smooth and steady that it is almost imperceptible until your eye lights on the speedometer reading. You'd never guess, from the feel of the engine, that 92 horse-power is the development of those mighty cylinders. And underlying and supporting all the rest, is the Chrysler quality which is the very essence of long life.

Favored in Fine Homes for Three Generations

Loyalty to the Willcox & Gibbs is handed down in fine homes from one generation to the next, and so are many actual machines. The first Willcox & Gibbs was built in 1859. Time has shown that the workmanship and material we put into the Willcox & Gibbs pay in the long run. Think of the joy of owning a portable electric machine that you know will run smoothly and silently as long as you live. 18 original features. NO BOBBINS TO WIND no tension to regulate. Makes beautiful "correctable" seams three times as strong as ordinary thing, any speed, anywhere, on any table. Mahogany finish case. (Also console model.) Free home trial. Free sewing lessons. Old machine in trade. Pleasant payment plan. "The Aristocrat of Sewing Machines." Preferred in fine homes for 67 years. Please send full information on trial offer, free sewing lessons and special terms. 7-4-13 Name _____ Street _____ Address _____ City _____

BYRD MESSMAN FAILS AS PILOT

Steers Wrong Direction for North Pole

Arctic Expedition Trains Own Helmsmen

Rough Going Encountered by Chantier

BY COMMANDER R. E. BYRD
Leader of the Byrd Expedition to the North Pole
(Copyright, 1926, by the New York Times)
ON BOARD THE S.S. CHANTIER, BOUND FOR SPITZBERGEN, April 18.—We have had a rough following sea for a week and the ship is quite low by the stern and consequently difficult to steer. We had no expert helmsmen when we started, but now after training we have two helmsmen from among the volunteers as seamen, R. W. Kanper and J. S. Zempary.
One of the volunteer messmen broke so many dishes in the pantry that we transferred him to deck duty and gave him a trial as helmsman. He did very well for an hour or so, but just as now Brennan came on the bridge he found himself at right angles to his course. The West Pointer lost his job as helmsman and is now back on deck.

HIGH SPIRITED
We have had several snow squalls and have passed in the vicinity of icebergs, with ice fields around them.

The spirit of the crew continues splendid under the drudgery of routine. No one considers seasickness any excuse to give up. There is a lot of very hard work, and especially for the last two days when we have been shifting coal from the afterhold to the midship coal bunkers in order to prevent the ship from being so low by the stern. We took aboard in New York enough coal for 10,000 miles of cruising.

The good nature of the crew is typified by an incident that happened to our carpenter, C. F. Gaudin. "Chips," the boys call him. There has been a lot for him to do and he has been working fifteen hours a day. Last night he turned in dead. Soon after he got to sleep a heavy sea threw one of his shipmates on his face.

"Hello," said "Chips," "how are you up there?" and turned over and went to sleep again.

RADIO SHIP HOPE
Radio Engineer Hanson, who, with Gracie and James has our high frequency radio whipped into condition, will be put aboard the first motor ship we pass, and provided the seas calm enough for transfer. Hanson has provided us with one of the most up-to-date radio sets in existence.

THIRTY LOSE AUTO RIGHTS LAST MONTH

March Number Brings Year's Total of Revoked Licenses to Ninety-three

(EXCLUSIVE DISPATCH)
SACRAMENTO, April 18.—Additional proof that the campaign of the State Motor Vehicle Department against violators of the State motor law is bringing results is contained in a report made public today by Will H. Marsh, chief of the department, which shows that thirty motorists lost their licenses last month. Since January 1, last, the drivers' licenses of ninety-three motorists have been revoked.

Those who lost their licenses in March and the offenses or reasons on which revocation was predicated are as follows:
Driving while intoxicated, Felipe Arroyo, Waco; Elba D. Lowman, Tulare; Charles McGarrigle, Taft; Daniel Morris, Bakersfield; David Morris, Bakersfield; Murphy Thompson, Corcoran; John S. Roda, Livermore; N. J. Eastman, Oakland; Albert W. Smith, Oakland; John Dodge, San Jose; Ernest Garvin, Modesto; Milton Wagner, Modesto; J. W. Morton, Berkeley; Lewis Cox, San Francisco; Carroll, Los Angeles; Charles L. Davis, Los Angeles; Allen Fraser, Ventura; M. C. Young, Fresno; William J. Taulman, Ontario.

Revoked by courts: Edwin Mansfield, Pasadena; Albert J. Olson, Los Angeles; Charles Tait, Los Angeles; Lewis Lantin, Oakland; E. W. Olds, South Pasadena.

Canceled at request of parents or guardians: Robert O. Bay, Los Angeles; Stanley W. Carnahan, Santa Ana; Charles H. Foster, San Francisco; Albert S. Rutherford, Sacramento; Peter J. Sakal, Stockton.

On account of physical disability: Mrs. Ygnacia Sola, Tehachapi.

MUSSOLINI TO ENLIST GREECE, RUMORS SAY

(BY CABLE AND ASSOCIATED PRESS)
LONDON, April 18.—Rumors have been printed in the London newspapers of late attributing to Premier Mussolini a design to enlist Greek support for his imperial ambitions and asserting that Greece has made long credit contracts with Italy for supplies of rifles, tanks and other munitions, which could only be used against Turkey in Thrace. The idea underlying these rumors is that in the event of Mussolini's taking action in Asia Minor President Pangalos of Greece would attack Thrace.

YOUTH DROWNED IN SURF

(BY A. P. NIGHT WIRE)
SAN FRANCISCO, April 18.—William E. Tobin, 17 years of age, a clerk with the State Railroad Commission, drowned when he was swept to sea in the surf at Ocean Beach while swimming here today. A companion, John Arberry, 23, a student, was rescued in an unconscious condition by a life guard.

BRUSH FIRE FIGHTER DIES

(EXCLUSIVE DISPATCH)
FOND DU LAC (WIS.) April 18.—County Judge J. J. Schaefer, while fighting a brush fire, Ignatz Schultz, 67 years of age, of Princeton, near here, was burned to death late Saturday. Schultz's body was badly burned and he was almost unrecognizable, was found by his son after a search.

MAST RAISED FOR NORGE

Everything Now Ready for Arrival of Amundsen and Polar Dirigible at Kings Bay

(BY CABLE—EXCLUSIVE DISPATCH)

KINGS BAY (Spitzbergen) April 18.—After a week's work the thirty-five meter mooring mast for the dirigible Norge of the Amundsen-Ellsworth-Nobile polar expedition has been finally completed. It seemed at first impossible to raise it with the means at the disposal of the workers here but they started yesterday when the midnight sun, for the first time this year, mounted the heavens and at 12 noon today the mast was erect with the Norwegian flag unfurled on top.

Everything is now ready to receive the Norge as Capt. Amundsen and Lincoln Ellsworth will find all complete when they arrive Tuesday or Wednesday.

The gunboat Helms, whose crew will assist the Norge in landing, leaves Hammerfest, Norway, Thursday and is expected to arrive here Sunday or Monday.

AIRSHIP'S MOTORS WILL NOT BE CHANGED

(BY CABLE—EXCLUSIVE DISPATCH)
RIGA (Latvia) April 18.—Latest telegrams about the dirigible Norge state that the overhauling is proceeding satisfactorily. The motors are all in perfect condition and Col. Umberto Nobile has decided not to change them as originally considered probable. Col. Nobile and Lieut. Riser-Seven have agreed to take a Soviet journalist on the trip from Leningrad to Spitzbergen.

WELL SATISFIED WITH PERFORMANCE

(BY CABLE—EXCLUSIVE DISPATCH)
LENINGRAD, April 18.—"The Norge's performance was satisfactory to my highest expectations," said Col. Nobile, commander of the Amundsen-Ellsworth dirigible, in a talk today. He went on: "Although in the course of the sixty-seven hour flight from Rome to Leningrad we met extremely heavy weather over northern France and the Baltic everything functioned perfectly and on our arrival we found nothing needing repairs or alteration."

"No less satisfactory was the working of the crew and the problem of command generally which might have appeared to present certain difficulties owing to the divided nationality. I gave orders in French, the crew understood them in English which you might call the official language of the expedition and all went without hitch or friction, though we had a trying time over the Baltic and Latvia when we were lost in the clouds for several hours not knowing whether we were over land or sea. But we still had fuel for twenty hours' flying when we landed at Gatchina and so I had no real cause for anxiety."

"The Russian arrangements for the landing and for guarding the ship were most excellent and all needed supplies of hydrogen, gasoline, etc. were provided immediately. Indeed, the ship is ready to leave for Spitzbergen right away but we must await news about the mooring mast in Vadsø and the hangar at Kings Bay."

NORTH POLE SHIFTS CONSTANTLY UNDER ICE

(BY CABLE—EXCLUSIVE DISPATCH)
PARIS, April 18.—Charles Rabot, the French explorer, paid a tribute to Capt. Amundsen today when he said, "Where there is a man such as Amundsen at the head of an expedition, one may have faith in his success."

M. Rabot said it was impossible to assure beforehand that the attempt to fly over the North Pole in the Norge would be achieved because it depended upon so many things.

The first real test the dirigible met, he said, would be between the north shore of Norway and Spitzbergen, which is a wind-swept area, which shows that the powerful receiving apparatus of the Norge, M. Rabot said, would be able to get radio weather bulletins from practically every point, from the Eiffel Tower in Paris as well as from Spitzbergen.

M. Rabot said it would be hard to keep the North Pole permanent. He said the spot was located in a floating ice field which was continually shifting.

"The great test will be to explore and fly over the region where the pole is at the time," he said.

Belgian Queen in Secret Visit to Danish Court

(BY CABLE AND ASSOCIATED PRESS)
COPENHAGEN (Denmark) April 18.—The newspaper Politiken relates that the Queen of Belgium recently paid an incognito visit to the Danish court, which was kept secret because it was a diplomatic source that there was talk of an alliance between Prince Joseph of Belgium and the Crown Prince of Denmark, but this has not been verified.

Denmark is one of the few European countries where an alliance between a future Catholic Queen and a Protestant King is feasible. The Danish constitution provides that the King shall be Protestant, but the Queen and other members of the royal family may be free in their choice in religious matters.

MEXICAN GUNBOATS ON SECRET MISSION

(BY CABLE AND ASSOCIATED PRESS)
VERA CRUZ, April 18.—A Mexican chaser and four gunboats left here today, steaming southward. The government maintained silence as to their mission, but the general belief is that they have been dispatched to patrol the coast near the island of Cosumel, off the state of Quintana Roo, as there have been rumors of a shipment of arms from Cuba for a band of revolutionists.

ITALIAN PRINCE DIES

(BY A. P. NIGHT WIRE)
ROME, April 18.—Prince Augusto Torlonia died yesterday on a train while going to Milan. He was 71 years of age. Prince Augusto was a brother-in-law of the Duchess Mary Elsie Torlonia, who before her marriage to Prince Marino Torlonia was Elsie Moore of New York. The Duchess recently obtained a separation from her husband.

500,000 ACRES

of the Land Holdings of

MILLER & LUX

(INCORPORATED)

In the richest dairying and diversified farming sections of Stanislaus, Merced, Madera and Fresno Counties in the

Northern San Joaquin Valley

Offer to purchasers a selection of any type and size of farm, suitable for dairying, livestock raising or for the growing of almost any field or fruit crop that can be produced in the United States. (The Miller & Lux irrigation systems, whose value is appraised at approximately \$15,000,000, afford ample water for all crops on the irrigated areas at minimum annual per acre cost, much of this land at present being supplied with water at a cost of only \$1.75 per acre a year.... one of the lowest irrigation costs in any district on the Pacific Coast.

Profitable Diversified Farming

From the standpoint of profitable farming the area in which these lands are embraced is one of the best in America. Its wealth is created by factors of fertile soil with a dependable water supply at all seasons, low crop production costs, ready markets and excellent transportation facilities.

Stanislaus, Merced and Madera counties include one of the most important dairying sections in America and the leading district for milk products in California. Farmers in the area for which the towns of Newman, Gustine, Los Banos and Dos Palos form trading centers receive \$7,000,000.00 a year for dairy products. This is more than the annual value of dairy products of the states of Utah and Wyoming combined. Large milk products plants and creameries take all of the whole milk and butter fat that is offered them at top prices and would buy the present supply of the district if it were available.

In the above-mentioned area are nearly 400,000 acres of the Miller & Lux land offered for sale, the remainder of the company's land in this division being in Fresno county, which is rated as the second county in agricultural wealth in the United States. Los Banos, in the center of this district, is the headquarters for Miller & Lux interests in the valley.

All Types of Farms Available

The breaking up of this immense privately-owned acreage into small and large farms means development that will steadily increase land values. Earlier purchasers will naturally derive the greatest benefit.

In these holdings are farms and stock ranches of all sizes, suitable for any type of farming or stock raising. Many of these are fully equipped with buildings.

Thousands of acres of the best alfalfa land in California, improved or unimproved, are available in large or small tracts.

Dairy farms in heavy alfalfa bearing with crops ready for cutting will furnish an immediate income for buyers as soon as cows are moved on to them.

Miller & Lux lands are priced so low that the present opportunity to buy property of this quality with its surrounding advantages can hardly be duplicated again.

The range of prices includes pasture land and raw land partially irrigated up to \$75 per acre; and irrigated, farm land, unimproved and improved, of from \$100 to \$300 per acre.

Where desired, terms may be arranged, providing for part cash and the balance in long term installments over a period of five years.

For further information regarding these lands, with coupon for our illustrated booklet or call at any of our offices.

**LLOYD WELL OF
LARGEST YIELD**

Oil Per Day

Bolsa Chica Company

Ventura Avenue Insurance
Not Complete

Reports from the Ventura field at Ventura, yesterday, were to the effect that the Lord No. 2 of the Associated Oil Company, which came in Friday evening, is the biggest producer California has ever seen for two years. The well is producing at the rate of about 4000 barrels a day. It is said that the oil yield is approximately 1000 cubic feet daily. It is thought that the well shortly will average about 4000 barrels daily.

The Holms Chica Oil Company, which is drilling on the "Horse" lease, not far from the Lord No. 2, but down below the Ventura hills, is drilling in sand oil between 4300 and 4500 feet. The formation is mainly shale and sand, and runs almost entirely horizontal. It is understood that the company plans to drill the hole 5000 feet.

The fact that approximately 100 tons of hematite has just been

No. 1 makes it appear that the company is likely to try submerging it down to perhaps 1000 feet in the off well, and that it is planning to use hematite to hold down the necessary pressure which is heavy enough to stay in the field and is expected to be correspondingly heavy there. Through

WILD GASSER PUT TO WORK Associated Has Interest in Oil Lands of Utah

Heavy Flow of Noninflammable Product Harnessed to Drive Wheels of Industry

SNYDER (Tex.) April 18.—Unique methods of commercializing the strong pressure of noninflammable gas which pours from a well near here have been in use for several months.

The well was being drilled for the moisture. To the west of the Glass Mountains in the upper border region of Texas, there is a noninflammable gas well which has been flowing for perhaps twenty years.

There is doubtless hydraulic pressure back of the flow of the well near Snyder.

Whether or not the substance which flows from this well is helium may be told only by elaborate analysis, it is stated. The fact that two similar wells have been brought in within a radius of three miles of the discovery well during the last three months leads to the belief that the field, whatever kind of gas it may be, is extensive.

The gas has been used to drill three different wells within a radius of three miles. Additional producers have all struck this gas in sufficient quantities to finish their wells.

It is also used to inflate automobile tires and for refrigeration. Milk, water or anything the men wish to cool are placed under the exhaust pipe of an engine, which is covered with ice instead of being hot with steam. A piece of fruit left under the exhaust pipe for two hours will freeze solid. The gas itself is not actually cold, but the release of pressure produces the effect of cold, similar to the process of manufacturing ice with ammonia under pressure.

SALE REPORTED OF RED CLOUD MINES

YUMA (Ariz.) April 18.—The property of the Silver Mines Consolidated, in Red Cloud district, has been purchased by New York, Philadelphia and Los Angeles interests represented by J. M. Skinner. An initial payment of \$100,000 is reported made on the price of \$215,000. It is proposed to erect a large mill at a central point, to which the ore is to be trammed from three mines.

AMAZONIAN GROUP TO BE DEVELOPED Pioneer Arizona Property Bonded Under Direction of Kruttschnitt

WICKENBURG (Ariz.) April 18.—The Amazon group, about eighteen miles east of this point, has been bonded by the American Smelting and Refining Company under the direction of Julius Kruttschnitt, Jr., and will be extensively developed, according to report made here. The property is a pioneer one, first located by Robert Groom, one of the founders of Prescott, who later moved to Wickenburg.

Operations on the Tonopah-Belmont Mining Company, fourteen miles southwest of this point, have been given due appreciation by the supervisors of Maricopa county, which will pay half the construction cost of a road from Wickenburg to the mines. Statement is made that the camp probably will have a working force of about 600 men before the end of the year.

The Mildred mine at Stanton is being reopened by Leonard White, who is overhauling the mill, with expectation of production.

Near Octave, north of Wickenburg, a Los Angeles company is developing placer ground below the historic Rich Hill, and is damming Weaver Creek to obtain the necessary water.

New Ore Shoot Reported Hit in Big Jim Mine

Miners working on the slopes of the 160-foot level of the Big Jim mine at Patagonia, Ariz., have uncovered a new ore shoot, according to news received in Los Angeles yesterday. Supt. J. J. Peterson says samples from the new ore body assayed and the report showed an average value of sixty ounces of silver and 24 per cent lead, it is stated.

Although it had been known from surface indications that another ore body lay south of the present shaft development, work in that direction was but recently started. At the extreme south end of the 160-foot drift the new face of ore was opened. It is twelve feet wide.

There are already two shoots in the Big Jim mine. The No. 2 is now being worked, while the original No. 1 shoot, which lies back of the shaft, has not been touched by the present development, although some surface work was done on it years ago. The Big Jim is owned by Los Angeles investors.

JOCK STILL CAUTIONS

Jock Malone had to have a tooth pulled. The doctor was going to give gas for the operation. Before taking the gas the Scotchman pulled out his money and started to count it.

"What's the matter, Jock? Don't you think I'm honest?"

"Sure I do, doctor, but I just wanted to make certain."—Bliss.

San Pablo Mine Estate Taken on Bond and Lease

DOUGLAS (Ariz.) April 18.—A lease and bond have been taken by a local company headed by A. C. Burnett on the San Pablo mine and mill, south of the Pinal Mountains, near Nacozari. The property embraces 257 acres and is said to have six veins with appreciable values in gold, silver, copper, lead and zinc.

From the San Pablo vein has been produced about 2,000,000 ounces of silver in workings that are 600 feet deep. It is expected that power will be secured from the Montezuma works of Nacozari, the lines already extending to the Pinal Mountains.

George R. Hay of Los Angeles, who has a bond on the Tres de Mayo mine near Nogales, has purchased a hoist and compressor, with expectation of sinking about 1000 feet.

General Petroleum HAS WELL ON BEAM

BAKERSFIELD, April 18.—The General Petroleum Company has brought in its well No. 48-A in the Sunset field. The well is doing about thirty barrels a day on the beam. The well was originally brought in several weeks ago, but it sanded up. After cleaning out, the well is yielding 14 degrees gravity oil, rich in lubricants.

Gasoline IN GAS GUSHER RATED HIGH

Yield Per Thousand Cubic Feet of Louisiana Well Set at 2 to 3 Gallons

OKLAHOMA CITY (Okla.) April 18.—Jack Walton's gas well in the Bull Bayou district of Louisiana, which was completed a few days ago, is flowing a daily average of 50,000,000 cubic feet and is producing gasoline at the rate of two to three gallons per 1000 cubic feet, according to Mr. Walton, who has just returned from that district. The gas comes from a sand found at 2745 feet.

The location is near the village of Gahagan, fourteen miles from Mansfield, and in already proven territory. It is in the Red River Valley. Mr. Walton and his associates have 2500 acres of leases there and are drilling two other wells. They hope to find oil on hillside locations. Paul Neill, who was State Highway Commissioner under Mr. Walton's administration as Governor of Oklahoma, is in charge of operations.

"Four pipe lines are available for us there," says Mr. Walton, "but we have not contracted for the sale of transportation of the gas. It is probable that we will install a tankhead gasoline plant near the well and drill other wells for gas as the demand warrants."

New Well May be in Today at Inglewood Zone

If present plans do not miscarry, a new well in the deep zone at Inglewood should be placed on production today or tomorrow. This well will be the Associated Oil Company's Vickers No. 2, which on Friday was being reamed to set pipe at 2886 feet.

This well, when completed, will produce from the deep zone at depths between 2866 and 2886 feet. Having 420 feet of productive formation from the new sand, it is expected by operators in that district to show considerable class as a producer.

At 2445 feet, after being cleaned out the other day, the Petroleum Securities Company's Rubel No. 9 came back on production at a rate reported to have been about 3500 barrels per day.

Stock Exchange Building Los Angeles

The Western Pacific Building, a reinforced concrete structure with 82 feet of Broadway frontage, 12 stories, 242 offices above the ground floor, 82,000 square feet of rental space and stores, is the first unit of an office building that will occupy 150 feet frontage at 1031 So. Broadway. The Los Angeles Investment Company is the owner of the site and financed and built the building.

The Pierce-Arrow Building is a Class A structure recently finished on Figueroa at 21st street, by the building department of the Los Angeles Investment Company at an approximate cost of \$200,000 for William E. Bush. Other large buildings by this department are the Charles C. Chapman Office Building and the Trinity Hotel. These buildings were all financed and built by the Los Angeles Investment Company.

A Century of Combined Experience

The combined Street Bond experience of the six officers of The Elliott-Horne Co. is in excess of one hundred years. What significance has this?

It means that every Street Improvement Bond purchased from this house has back of it, not only the specialized experience of these six men, but that which they have handed down to the entire personnel of trained people—the efficient organization of twenty-one years continued growth.

Profit by our experience.

which Martin was sometimes very noisy. He would come roaring up to houses in a motor, the muffler jets cut out. He would shout: "Come out of it! Shake a leg! Have a little drive and get out of it," and then he'll buy you a drink.

That Martin had to work, Cliff comprehended. There was no question of his absolute impracticality in showing his annoyance, but, now that he was fulfilled in his desire to be a completely careless as to what hungry others might have of him, he was a different person. He was lusty and satisfied companion. He was bored by Cliff's unending chatter. He was not. He was Leora who was courteous had heard rather too often the jokes which, under the name of Cliff, were made. He was Cliff's humor philosophy, but she could sit hours looking amiable and smiling at him. He was at all, and she sturdily reminded him that they would never have been married if it was not for Cliff went to New York, to a motor agency, and Martin and

their last agitation was re-
served by the complacency of Mr.
er. He was cordial now in all

TWENTY MORE ORATORS NAMED

Contests Scheduled
for This Week

Usually All 160 Southland
Representatives Picked

Also Numerous in List of
Constitution Speakers

Usually all the 160 Southern
schools entered in the
annual contest on the
subject of "Our Country"
have now selected
their representatives to
appear at the district contests, the
number of which will take
place this week.

Among the local contests from
which twenty schools were re-
sulted by Director Nichols yester-
day, the winner of the district school
contest is the one in which she rep-
resents the following:

Marshall will represent
Marshall High School. The lo-
cal contest in this school
was won by the Montebello
school of Commerce and prize
money of three dollars were
won by the Rotary and Lions.

YANKEE INTERESTS
Yankee Coast will represent
Yankee Coast High School. She is the
winner of the school paper
contest and the lead in the senior
class.

Marshall was chosen
winner of Porterville Union
High School. Miss Marshall is a
senior in the school.

Fisher will represent
Fisher High School. She is
winner of the school paper
contest and the lead in the senior
class.

Marshall will represent
Marshall High School. She is
winner of the school paper
contest and the lead in the senior
class.

Marshall will represent
Marshall High School. She is
winner of the school paper
contest and the lead in the senior
class.

Marshall will represent
Marshall High School. She is
winner of the school paper
contest and the lead in the senior
class.

**PRINCIPALS COME TO ANNUAL MEET**

High School Men Attend Convention

Six Hundred in Conclave at Pasadena

Discuss Problems Vital to Education

PASADENA, April 18.—Six hundred high school principals from every part of California will gather here tomorrow for the opening of their five-day annual state convention, which will have its headquarters at the Hotel Huntington.

Chief among the problems to be discussed by the public school executives is that of stamping out fraternities and secret societies in the high schools of the state. High school fraternities are illegal and the educators are determined to find means to end their existence in the sections where they are flourishing.

Will C. Wood, state superintendent of public instruction, will be here from Sacramento as one of the chief speakers at the convention. Other well-known educators who will address the meeting are Dr. William M. Proctor of Stanford University, Dr. O. C. O'Brien, president of the State Board of Education, and Walter E. Morgan, assistant state superintendent of public instruction.

In addition to the high-school fraternity question, the convention will consider general problems, including the proper guidance and trend of athletics, part-time education, supervised and directed study and problems of the junior high-schools proper co-ordination with other departments.

Extensive plans for the entertainment of the delegates, including evening programs at the Huntington, tours to points of interest and other features, have been completed by a local committee headed by George Hessel, principal of John Marshall Junior High School.

During the convention, a daily newspaper containing a detailed account of activities will be published for the delegates by the journalism class of Pasadena Junior College. The session will adjourn Friday night.

SCHOOL ORATORS TO SPEAK AT HANFORD

HANFORD, April 18.—The second of the annual oratorical contests among Kings county high schools for a handsome silver cup provided by the Kiwanis Club of Hanford, takes place in the high-school auditorium at Lemore next Tuesday night. The schools furnishing contestants are those of Hanford, Corcoran and Lemore. Hanford won the cup temporarily last year, but must win it three times to secure ownership. Juniors and seniors are the only eligible for the contest. The contest will be held in the high school building at Hanford. The contest will be held in the high school building at Hanford. The contest will be held in the high school building at Hanford.

BIDS ASKED ON NEW HIGH SCHOOL UNITS

VAN NUYS, April 18.—The School Board has asked for bids until May 5, for the erection of a mechanical arts and a domestic arts building at the Van Nuys High School, the estimated cost of the work to be about \$150,000. Plans for the new addition by Architect Otto Neher were adopted last week. The new domestic arts building will not only be equipped to teach girls to sew and cook, but will be equipped so as to give them instruction in the full scope of household management. The structure will contain a cafeteria capable of seating 500 pupils. The mechanical arts building will contain eight shops, lecture rooms and picture-laboratory. The building will be 127 feet long. As soon as the contract is awarded it is stated that construction will start at once.

TO PREACH TO STUDENTS

PASADENA, April 17.—Dr. Daniel F. Fox, pastor of the First Congregational Church of Pasadena, will deliver the baccalaureate sermon at the commencement exercises of Pasadena High School this year. It was announced after a vote of the graduating seniors was taken. Dr. Fox preached the baccalaureate sermon last year. Also, the high school graduation held in the Home Bowl with elaborate ceremony, annually draws thousands of spectators.

INSPECT AIRCRAFT

SANTA MONICA, April 18.—Major William H. Davidson, National Guard representative, and Chief Mechanic J. C. Kearns of the Colorado National Guard, have completed an inspection of planes at the Douglas company's plant here. Plans of the National Guard call for the purchase of three airplanes for each division, according to reports. The ships will replace obsolete types. Maj. Davidson is a member of the purchasing committee.

CHAMBER STARTS DRIVE

BELLA, April 18.—Starting a drive for new members and funds, selecting the goal in the latter at \$5000, the Chamber of Commerce is hearing that mark, as more than \$4000 has been subscribed. It is stated. The team headed by J. V. Spauld, has secured \$2100, and the team led by George Kirt has pledged \$2250. Quite a large number of new members are also being secured.

EVERYTHING UP IN THE AIR

Brea to Be Host to Famous Flyers at All-Day Meet When the Latest in Aeronautics Will Be on Exhibition

BREA, April 18.—Round-the-world flyers, who were entertained by royalty and featured on the front page of the newspapers throughout the world two years ago, will be honor guests at the big Brea air meet on the 24th inst., when the West's most famous pilots will compete in the exciting events on the day's program.

Eric Nelson, recognized as one of the foremost aviators of the day, will fly over from the Douglas airplane plant at Santa Monica in one of the mail planes which will be used by the Western Air Express.

This ship, considered the most up-to-date example of aeronautical engineering, will be on exhibition all day. A specially built runway will give spectators an opportunity to inspect the mail compartments, the cockpit and the ingenious indicators, controls and fittings on the instrument board.

BOOST FOR LEMON SHOW

Avocado Growers Take Great Interest in Oxnard's Coming Exposition

OXNARD, April 18.—Showing its loyal support in the California Lemon and Avocado Show, the California Avocado Association has postponed its annual meeting from May 7 to 8, next, until May 21-22, so that members of the association may exhibit fruit in the avocado show in Oxnard.

The lemon and avocado show dates are from May 5 to 9, next, and the Avocado Association meeting would be held at the same time. The association will make it a point to visit the Oxnard show some time during the five days. A plan is being worked out here now, wherein it is believed one of the days in the show will be devoted to the avocado.

Lettuce Packing Halted Due to Losses by Rains

REDAILAND, April 18.—The Crown Packing Company, one of the largest of lettuce packers in San Fernando Valley, has ceased operations for the time being, due to "slimy" lettuce because of the recent rains. Just before the rainfall the packing-house was in the midst of the biggest pack the valley has seen for years.

Wastage due to severe trimming of lettuce has been heavy. The heads made the cost excessive to both buyers and sellers, and the plant has decided to shut down. It is estimated that the building will require approximately ninety days to complete.

NEW DORMITORY AT CATHOLIC CONVENT

ORANGE, April 18.—Expectation that the \$100,000 dormitory and dining-hall annex erected by the Sisters of St. Joseph at the convent on South Santa Ana street will be completed early in June, was voiced today by the superintendent of construction, R. S. Scully.

COMMUNITY CHEST DRIVE AT POMONA

POMONA, April 18.—With thirty-nine captains already selected, organization of teams of workers which will make an intensive drive here beginning Monday, the 26th inst., for the annual Community Chest is nearing completion and no trouble is anticipated in raising the quota of \$42,450 in record time.

BEAN PLANTING TIME

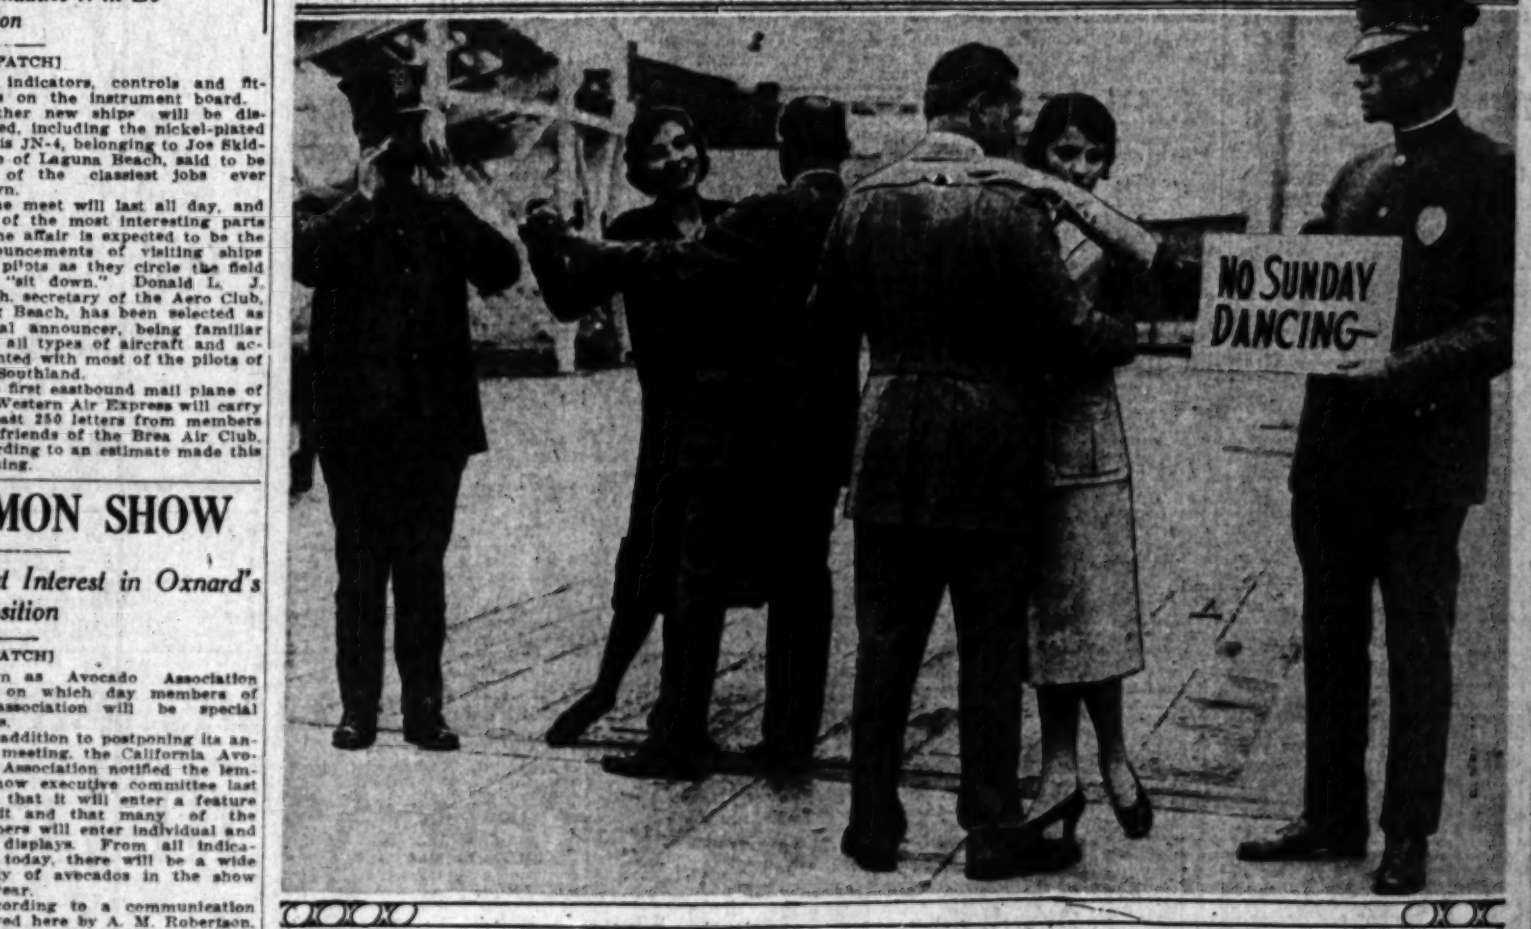

OXNARD, April 18.—With lima bean land in the finest condition in many years, planting of the crop will soon be under way on a large scale. Daily brothers of Camarillo, Thomas C. and Milton F. Daily, who have been in the plant lima for a number of years past, are the first to plant this year.

HIT, RUNS, WHISTLES

VAN NUYS, April 18.—K. Nakano, Japanese rancher, suffered the fracture of a rib when a plane crashed near Winnetka avenue last night. The plane was struck by a car and did not stop. He said the man was whistling when the collision occurred and just drove on whistling after one look over his shoulder.

HERE'S WHERE IT PAYS TO WATCH YOUR STEP

Border Between Venice and Santa Monica Dangerous Ground

Officer George Webb of the Santa Monica police force provides mouth-opening inspiration for Maxine Peitt and partner, while Patrolman R. W. Gray reminds Lucille Miller and friend they must not dance in Venice on Sunday.

Cotton Men to Spend Two Days in Conference

FRESNO, April 18.—Marking the beginning of the cotton season, the California-Arizona Cotton Association, which will be convened here tomorrow, will make it a point to visit the Oxnard show some time during the five days.

PLAN NEW HOME FOR LA HABRA BANK

LA HABRA, April 18.—Architects' plans have been practically completed, and it is expected that work will begin by May 15 on the construction of a commodious new home for the La Habra Bank at the northwest corner of Central avenue and Hight street. The new building will be a four-story structure, and will be a landmark in the city.

NEW DORMITORY AT CATHOLIC CONVENT

ORANGE, April 18.—Expectation that the \$100,000 dormitory and dining-hall annex erected by the Sisters of St. Joseph at the convent on South Santa Ana street will be completed early in June, was voiced today by the superintendent of construction, R. S. Scully.

Gulberson Company of Corcoran, Kings county, by whom 829 bales of cotton were produced on 700 acres of land, producing an average revenue of 14.71 cents per pound, or 434 points higher than the average New York market price.

FRESHMEN FRESHEN BIG "R" AT REDLANDS

REDLANDS, April 18.—The "R" which is one of the largest college letters in the world and situated eight miles from the University of Redlands by air line, received its annual spring cleaning at the hands of the freshmen class this week-end. The giant symbol is 450 feet long and 325 feet wide, and was built soon after the founding of the university.

MUSICIANS ON WAY TO SANTA MONICA

SANTA MONICA, April 18.—Leaders of musical organizations throughout the state, together with critics and press representatives from newspapers in the north and south, are headed for Santa Monica today for the opening Tuesday, of the State convention of the Federation of California Music Societies, according to reports reaching here.

WORK IS RESUMED ON GIRARD WATER MAINS

GIRARD, April 18.—After brief interruption caused by the rains, the work of installing twenty-seven miles of water mains has been resumed, and is to be rushed at the rate of 100 feet per day by the contractors. The pipe being installed will serve 3000 lots lying below the 1000-foot contour, including property bordering on the Ventura State highway, all of Topanga and Canoga valleys to a point south of Dunsmuir Road. The cost of the improvement will be \$125,000 and is being accomplished by bonds issued against the improvement.

VENICE TO SEEK DATA ON SUNDAY DANCERS

VENICE, April 18.—To obtain statistics to combat the arguments of those opposing Sunday dancing at Venice, a careful check on the improvement works is being made today under the direction of the Venice Business Men's Association. Opponents of Proposition No. 1, to provide for the creating of an amusement zone at Venice, where Sunday dancing can be enjoyed, say that business has been unaffected by the abolishing of Sunday dancing.

Fig Growers to Open Books for Membership

FRESNO, April 18.—Membership rolls of the California Peach and Fig Growers, a competitive cooperative association, will be reopened Monday to those who declined to join the association or who refused to sign competitive waivers last year, it was announced today by Ward B. Minturn, president of the association.

PLAN GIGANTIC CITY PLAYGROUND

VENICE, April 18.—Further plans for a \$60-acre county park, with two golf courses, swimming pools, facilities for baseball, tennis, football, and all forms of athletic sports, are discussed last night at a meeting in the Venice High School auditorium. Hugh R. Pomeroy, of the Regional Planning Commission, and Charles A. Shof of Mar Vista, were the chief speakers.

Expert Inspects Books of Fresno Business Houses

FRESNO, April 18.—Examination of the books of more than a dozen business houses was ordered yesterday by Commissioner of Finance William Glass, who charged that records of his department indicate that the merchants are "grossly misrepresented" their gross business, on which the amount of their business license fees is based.

FIGHT OVER SENIORITA RESULTS IN STABBING

OWENSMOUTH, April 18.—Refusing to tell who stabbed her, a woman, 1721 Remont street, is being held by valley division police, until more details may be learned. According to witnesses, the woman was stabbed in the back here when a fight suddenly occurred over one of the senioritas. When the scene of beating subsided, the woman was found to be seriously slashed. Police later rushed her to the Emergency Hospital.

VALLEY TO BE BUILT

VALLEY, April 18.—The valley division police, until more details may be learned. According to witnesses, the woman was stabbed in the back here when a fight suddenly occurred over one of the senioritas. When the scene of beating subsided, the woman was found to be seriously slashed. Police later rushed her to the Emergency Hospital.

STEPHENS TO URGE PLAZA SITE DEPOT

City Attorney Scheduled to Speak at Church and Before Mothers' Club

City Attorney Stephens will be the chief speaker at a special meeting of the Anti-Elevated Association to be conducted this evening at the Echo Park Mothers' Club Hall at 1904 Echo Park avenue. Stephens will talk for adoption of the Plaza union station project which is to be presented to the voters at Propositions 3 and 9 at the special election of the 16th inst.

According to F. M. Spinning, secretary of the Anti-Elevated Association, music will be furnished by the Angeles Temple Silver Band. C. H. Roberts, president of the association, will preside.

A second meeting tonight is scheduled for the Park Avenue Congregational Church at Bellevue avenue and Douglas street.

Assistant City Attorney Whitehead will talk on the other propositions appearing on the ballot, while Stephens will present arguments for the Plaza union station project.

DECISION ON SMITH WILL BE DUE TODAY

Estate Valued at \$150,000 at Stake in Contest Over Document

A decision by Judge Willis in the contest over the estate of John H. Smith, otherwise known as John H. Phillips, is expected today. Judge Willis having heard the last testimony and taken the case under submission last week.

The estate, consisting principally of realty to which Smith had titles of varying degrees of perfection and which he had acquired by buying tax liens, is estimated to be worth \$150,000. He will bequeathed the largest portion of it to Mrs. Anna Dupea and Jessie Truitt, former employees, but unrelated to him.

Various Civic Organizations Back Port Unit

Following the indorsement by the Chamber of Commerce of Propositions No. 5 and No. 9 on the 16th inst. ballot, other civic organizations are preparing to indorse the measure. It was stated yesterday by Burt A. Healy, executive secretary of the Greater Harbor Committee of 246.

"While they are both port measures," explained Healy, "they are independent. Proposition No. 5 provides for an exchange of sixty-two acres of land at Reservation Point. This land will be used by the Federal government to erect a quarantine and immigration station. The main channel will be 1045 feet wide.

"Organizations are urging voters to poll a heavy vote in favor of Proposition No. 9. This vote, however, will not create a port merger but will stimulate and guide our city officials in taking steps to organize a combined Los Angeles and Long Beach port district, under single management.

Concordia Club Breaks Ground for New Home

With nearly 300 persons present ground-breaking ceremonies were conducted yesterday afternoon by members and officials of the Los Angeles Concordia Athletic Club at the building site at Westlake avenue and Maryland street, where construction work will start today on their new \$250,000 clubhouse.

The structure is to be a five-story brick building with equipment and furnishings to provide athletic, social and cultural accommodations for the members. While there are no racial restrictions to membership, according to David Miller, the president, the members have been recruited principally from the Jewish people of Los Angeles.

PROTEST DATE FIXED

May 19 has been set by the Council as the date upon which protests will be heard against the improvement of Ninth street between Cloverdale avenue and Ridgely Drive and the improvement of Harcourt avenue between Villoughby avenue and Melrose avenue. The ordinances of intention for the improvements already have been adopted.

BANDITS HAVE BUSY NIGHT

Victims Report Numerous Week-end Robberies; Collections Somewhat Below Par

Hold-up men spent a fairly busy week-end in Los Angeles and vicinity, staging six hold-ups, but their net profits were below par. Abraham Cantor, a grocer, was surprised by two hold-up men as he was closing his store at 3679 Moneta avenue, was bound and gagged and relieved of \$250 in cash and \$150 in checks. He freed himself several hours later and notified University police.

Two young bandits held up three Carr, attendant of a Pan American oil station at First and Vendome streets, collecting \$45. Other hold-ups were a Los Angeles Railway street car conductor at First and Alameda streets, who reported the loss of \$15. Three youths not over 16 years of age, were said to have committed the robbery. After purchasing ice cream cones and eating them, three bandits turned on the proprietor of the store located at 2511 South San Gabriel boulevard, Monterey Park, and robbed him of \$75. The proprietor, W. J. Moore, and a clerk, William Pirk, were present at the time.

ATOMIC SCHOLAR HONORED

Dr. Linus Carl Pauling, 25 years of age, student instructor in the chemistry department, California Institute of Technology, is one of thirty-seven scholars and artists named by the John Simon Guggenheim Memorial Foundation as beneficiaries for the year 1926-27 in the conduct of research work.

Official announcement that Dr. Pauling is among those selected was made today by Henry Allan Moss, secretary of the foundation of New York City. Dr. Pauling, however, was notified personally some time ago, and with his wife and child is now on the way to Munich, Germany, where his researches, chiefly with Prof. Arnold Sommerfeld, noted spectroscopist.

BANDIT GETS AWAY AFTER KNOCKDOWN

Felled by Film Man, Who Grabs His Gun, He Springs Up and Beats Retreat

A hold-up and bandit chase at Highland avenue and Hollywood boulevard took place last night with Ian McTavish, 936 Orange Grove Drive, an executive of Warner Brothers, as one of the participants. McTavish and his wife, Mrs. Olive McTavish, were sitting in a car in front of the El Capitan Theater when the affair took place.

The bandit jumped into the rear seat of the car, thrust a revolver into McTavish's back and ordered him to "drive on."

"I can't let you do that," McTavish replied. The bandit then shifted the weapon to bear on Mrs. McTavish and commanded her to get out of the car. She refused to do so, and the bandit's anger increased.

Friends of the McTavishes, including A. J. Bernard, 723 North Spycamore street, just west of the McTavishes got out of the car. McTavish suddenly struck the bandit on the jaw, knocking him down, and grabbed his revolver. The bandit jumped up and ran, escaping through a vacant lot.

Capt. Knowles and Detective Lieutenant Vanhook got a description of the bandit and say they have a suspect under surveillance.

CLAIMANTS APPEAR FOR DUKE CASH

Three Angelenos Assert Rights as Descendants of Virginia Tobaccoist

Through provisions in the will of the late James B. Duke, multimillionaire tobacco manufacturer whose holdings date back to 1860, when Kentucky was a portion of Virginia, a sum of \$2,000,000 is to be divided among relatives other than his immediate family. As a sequence two residents of Los Angeles and another of Alhambra, cousins, have become claimants to a share, as great-grandchildren of the late Duke.

They are Mrs. Della Ann Shelton of 112 East Commonwealth street, Alhambra; Mrs. Pearl Miller Phillips, 1516 Preston street, and William E. Galbreath, 1699 Grafton street, Los Angeles, as announced yesterday by William DeFreese Mann, Los Angeles attorney, who has been retained by these claimants.

Early Resident of Los Angeles Dies Aboard Car

Suddenly stricken with a heart attack while riding on a street railway car last night at Eleventh and Sentosa streets, Harlan B. Sweet, 74 years of age, died en route to Receiving Hospital.

Sweet, who reside at 1636 South Westlake avenue, had been conducting an insurance-brokerage business here, and had lived in this city for about 25 years, coming here from Sioux City, Iowa. He had suffered from heart disease for the last eight years, according to his son, and attending physician, Dr. Earl Sweet, 1615 South 8th Andrews Place, who was notified immediately of his father's death.

The body was removed to the Breese Brothers undertaking parlors.

THIEF SUSPECTS ARRESTED

Wilfred Milord, 23 years of age, and Walter Noble, 23, of 914 West Tenth street, were restrained from flight yesterday when Detective Lieutenants R. Bladridge and Shattuck drew their revolvers and threatened to shoot, the officers reported. The fire believed to have been stolen and some other automobile accessories were found in their room, the detectives said. The suspects were booked for investigation.

SCENARIST AND ACTOR TAKE VOW

Ouida Berger, Former Wife of George Fitzmaurice, Marries Basil Rathbone

Ouida Berger, whose scenario writing activities failed to merge successfully with her marital life with George Fitzmaurice, the director, yesterday was married to Basil Rathbone, the actor, in New York. News of the marriage received here last night stated that the ceremony occurred at the home of Joseph Thomas, an architect, and was witnessed by a large number well known in theatrical circles. The bride was attended by Miss Blanch Turk and Conno Hamilton was best man.

For the past year or more, Hollywood had been expecting an announcement from Fitzmaurice and Florence Vidor, screen star, of their impending marriage and the wedding yesterday of the director's former wife served to revive interest in the union.

Fitzmaurice and his wife separated in 1923, according to his divorce complaint filed in Los Angeles the following year, charging desertion. He charged that she had simply packed her things and went away.

Earlier in 1924 the then Mrs. Fitzmaurice had scoffed at rumors that she and her husband would be divorced. She said at that time that they were simply living apart because of her work.

Fitzmaurice's divorce, uncontested, was granted here on December 13, 1924. They were married September 11, 1918.

BONDERAID TRIAL SET TOMORROW

Henry Brothers and Wood Scheduled to Appear Before Judge McCormick

The trial of Gustave and William Henry, brother and sister, and Russell Wood, their attorney, on accusations of conspiring to defraud the government of \$200,000, through the hoarding of what were declared to be practically worthless ball bonds, is scheduled to begin tomorrow morning before United States District Judge McCormick.

For months the three men have fought to avoid trial and only recently won a point when they obtained a reduction of their bonds before Judge McCormick. Federal prosecutors insisted the bonds of the two Henry brothers should remain at \$25,000, but after listening to the evidence and to character witnesses, Judge McCormick reduced the sums to \$10,000. Wood's surety was reduced to \$5000.

The two Henrys were the most active providers of ball bonds in the court of former United States Commissioner Long. United States Commissioner Long declined to reduce their bonds.

A later victory was gained when their original indictment was found faulty and it was necessary to have the Federal grand jury return another true bill.

Dope Suspect Stops Pursuit Car With Lead

Details of a pistol battle between Federal Narcotic Agents Bright and Edmonds and a notorious dope peddler whom they surprised in the act of transporting a large quantity of narcotics, were disclosed yesterday.

The government officers received an underworld "tip" that the head of a large narcotic smuggling state would pass the intersection of Western and Florence avenues in a roadster transporting several thousand dollars' worth of cocaine and other narcotics.

The driver of the car, believed to be the head of a large narcotic syndicate, spotted the officers' machine.

Turning in his seat he fired a shot from his revolver, the bullet puncturing the left front tire of the Federal machine. A second bullet hit the rear of the car, while a third bored through the radiator. The officers were forced to abandon the chase.

Lillian Gish to Hasten Abroad; Mother Stricken

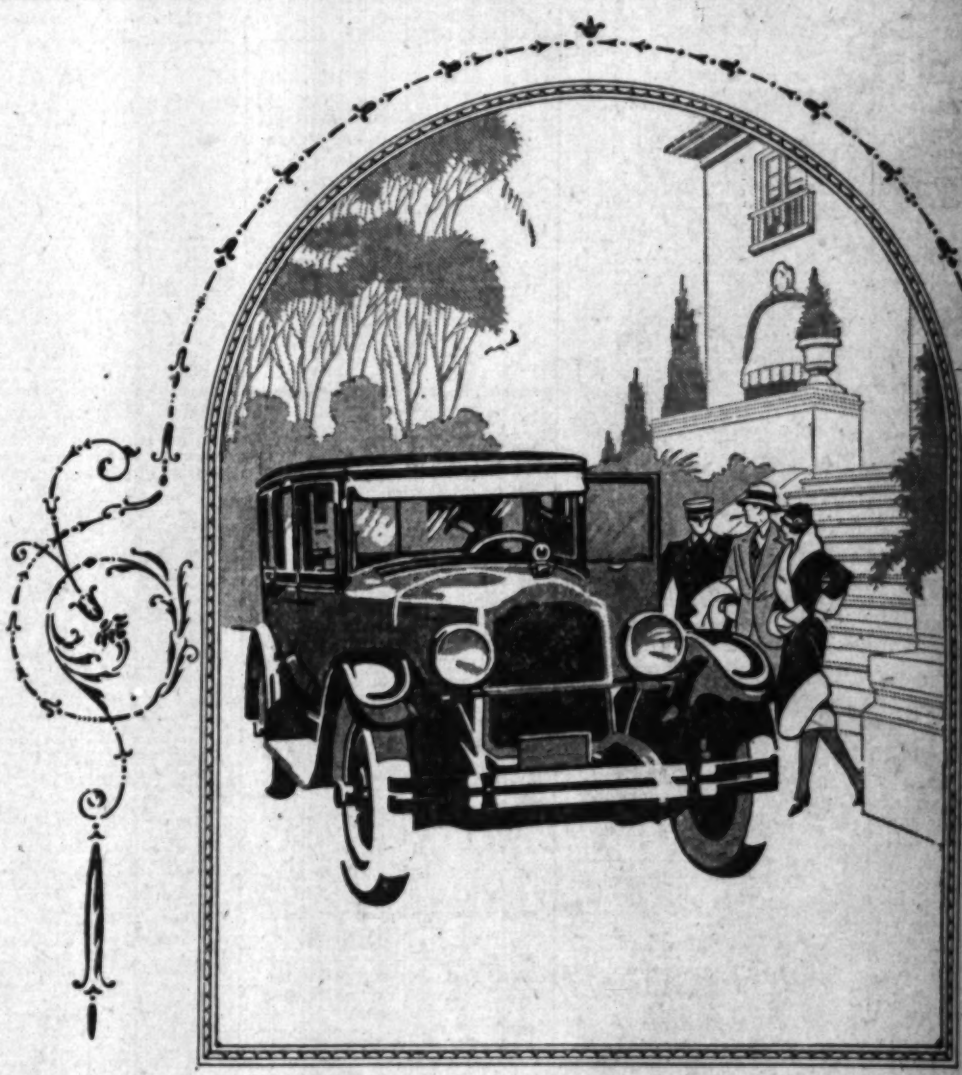

Mrs. Mary R. Gish, mother of the Gish sisters, motion-picture actresses, has been stricken with paralysis in London and Lillian Gish will leave here today for her mother's bedside. She will sail from New York next Friday aboard the Mauretania and will arrive in London on Thursday of next week.

English physicians last night were hopeful over Mrs. Gish's condition, Lillian said.

Mrs. Gish went abroad last month with her daughter Dorothy, who now is with an English organization. Lillian has been staying at the Santa Monica home of Charlotte Pickford, whose mother was recently stricken in Italy with a relapse of her illness. Mrs. Pickford is abroad with her daughter, Mary Pickford.

THIRD DISTRICT OF CHAMBER TO BANQUET

The Third District Chamber of Commerce will conduct its quarterly conference of delegates at a dinner meeting at the Golden Poppo, Wilshire and Hobart boulevards, at 6:30 p.m. Wednesday. The superhighway system of north and south boulevards, beginning at Vermont avenue and extending westward, and the connecting link in the Santa Monica-Boulevard program to carry into effect the heart of oil freet. Specialty training from San Bernardino to the sea, will be discussed. Improvement of the cemetery at the "Silence" Home also will be discussed.

VOTE PERIOD STRESS

Coolidge Warns of Menace

Certain Doom for Republic Foreseen in Increase of Ballot Box Shirkers

President Urges Women Preval on Citizens to Exercise Privilege

WASHINGTON, April 18.—During the thirty-fifth Congress of the United States, President Coolidge uttered a warning of the doom of our republic if the nation's citizens fail to exercise their privilege of voting.

Calling the situation of the nation's citizens a "grave menace," Coolidge said that the nation's future depends on the action of its citizens.

"This is not a partisan question," Coolidge said. "It is a question of the future of our nation. It is a question of the future of our children. It is a question of the future of our country."

"The President described the situation of the nation's citizens as a 'grave menace' and urged them to exercise their privilege of voting."

"The President described the situation of the nation's citizens as a 'grave menace' and urged them to exercise their privilege of voting."
